ChrisPC Free Downloads: Review ChrisPC Free Ads Blocker Free Download Review The best anti-virus in the industry. ChrisPC Free Ads Blocker Download With Full Crack #7,643 ratings Editor's Rating: User Rating: Rate It: Overall: Platform: Software Family: Review Date: October 16, 2016 Andy If you often browse the web or simply read the daily news on your preferred websites, you probably stumbled across various advertisements which distracted you from the actual content and annoyed you a lot. You could choose to not visit the site in question ever again or you could try using ChrisPC Free Ads Blocker. You can install it with ease even if you are a beginner when it comes to computers as no configuration is necessary. The interface of ChrisPC Free Ads Blocker is meant to be as user-friendly as possible, since each button comes with a straightforward caption regarding its function. As such, you can block the ads with a single mouse click and start browsing websites without getting frustrated. You should also keep in mind that each blocked ad can also help you save your bandwidth. On the other hand, if you do have PC skills and you want to finetune some of the settings, you can start by selecting which browser will be affected by the ads blocking and which one will not. In other words, you can set the application to block all the ads from Firefox and Opera, while allowing the commercials within IE and Chrome to still be displayed, or vice versa. Additionally, you can set ChrisPC Free Ads Blocker to process ads specific to the language of the website you are currently browsing. All in all, ChrisPC Free Ads Blocker can come in quite handy if you often get annoyed by various commercials that distract you from reading an interesting story. You can also set it to run at Windows startup so you do not forget to block ads the next time you start your computer. ChrisPC Free Ads Blocker Description: ChrisPC Free Ads Blocker is an easy-to-use program that lets you block all the ads from pop-ups on the web so you can enjoy the browsing experience without interference.
