## What's New in the?

M8 Theme Builder is a simple and easy-to-use application that helps you to create, design and personalize your own mobile themes within minutes. Whether you have a M8 smartphone and want to design your own theme but don't have any programming skills, or simply customize the current one, M8 Theme Builder is the perfect tool that suits your needs. The application provides you with an intuitive and simple interface and does not require any code insertion. It allows you to add predefined icons or even customize your owns. Moreover, you can personalize each screen. You can set the have a personal wallpaper with predefined icons each time you lock the mobile phone or even change between screens when you unlock the telephone. M8 Theme Builder provides you with a basic user interface in order to create or simply edit existing M8 theme packages and enables you to prepare a solid framework to visualize M8 themes and necessary components. Thus, you can preview the current theme and change what aspects you do not like. Moreover, you can customize everything, starting from the font style and size and ending with the author's name. This way, you can share your own themes with your friends. Even if it provides you with a predefined theme, you can adjust the icons by changing their picture or removing them from the main screen. Specially designed for M8 mobile phone users, this handy utility is worth having in case M8 manufacturers don't offer support for theme development anymore. Thus, you can customize your own theme without the need of programming knowledge. To sum things up, M8 Theme Builder is effective when it comes to create and personalize mobile themes. Thanks to its user-friendly interface, users are able to quickly customize each screen and icon. 4.7 Dec, 30, 2016 Great App! 5 Dec, 29, 2016 Great App, perfect for Android phone user. 5 Dec, 29, 2016 It is a great app to have.
